Diagrams are a powerful tool for representing and communicating information. They can be used to visualize complex data, illustrate

concepts, and support decision-making. Diagrams are used in a wide variety of domains, including science, engineering, business, and education.

The Diagrams conference series is a premier forum for the presentation of new research on diagrams. The conference provides a unique opportunity for researchers and practitioners to exchange ideas and learn about the latest advances in the field.

## **Conference Themes**

The main themes of Diagrams 2024 are:

- Diagrammatic representation
- Diagrammatic reasoning
- Visual languages
- Visual thinking
- Information visualization
- Knowledge representation
- Cognitive science
- Computer science
- Artificial intelligence

## **Conference Format**

The conference will feature a mix of invited talks, contributed papers, and workshops. The invited talks will be given by leading researchers in the

field of diagrams. The contributed papers will be selected through a peer-review process. The workshops will provide an opportunity for participants to discuss specific topics in depth.

## **Important Dates**

- Paper submission deadline: March 15, 2024
- Notification of acceptance: May 15, 2024
- Camera-ready paper deadline: June 15, 2024
- Conference dates: August 24-28, 2024

## **Conference Location**

The conference will be held at the Tallinn University of Technology in Tallinn, Estonia. Tallinn is a beautiful city with a rich history and culture. It is also a major center for technology and innovation.

## **Registration**

Registration for the conference will open in early 2024. The registration fee will include access to all conference sessions, materials, and social events.

## **Contact Information**

For more information about the conference, please visit the conference website or contact the conference organizers at [diagrams2024@tallinntech.ee](mailto:diagrams2024@tallinntech.ee).
