About NETYS 2024

The 9th International Conference on Networks and Technologies (NETYS 2024) will be held virtually from May 19-21, 2024. NETYS 2024 will provide a global platform for researchers, industry professionals, and students to share and discuss the latest advancements and challenges in the field of networks and technologies.

NETYS 2024 will feature a wide range of topics, including:

- 5G and Beyond Wireless Networks
- Artificial Intelligence and Machine Learning in Networking
- Blockchain and Network Security
- Cloud and Edge Computing
- Data Science and Analytics for Networks
- Internet of Things (IoT) and Cyber-Physical Systems
- Network Optimization and Control
- Networked Applications and Services
- Software-Defined Networking (SDN) and Network Function Virtualization (NFV)

NETYS 2024 will also include keynote speeches from leading experts in the field, technical paper presentations, panel discussions, and workshops.

Speakers

Speaker 1

Affiliation

Speaker 1 is a leading expert in the field of 5G and beyond wireless networks. He has published over 100 papers in top journals and conferences and has received numerous awards for his work.

Speaker 2

Affiliation

Speaker 2 is a leading expert in the field of artificial intelligence and machine learning in networking. She has developed several innovative algorithms that have been used to improve the performance of networks.

Speaker 3
